

COLLEGE GOLF

EVER THOUGHT ABOUT PLAYING CLUB?

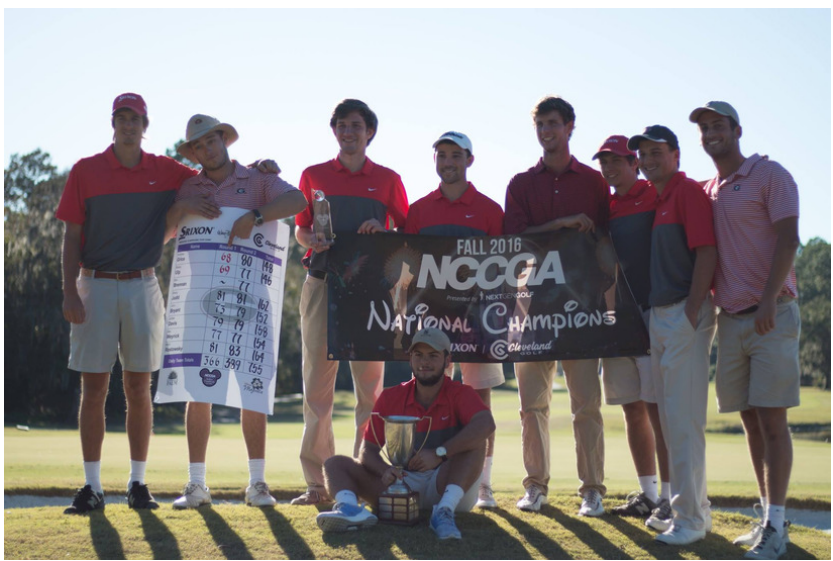

What is Club Golf?

- 400+ colleges have club golf teams that compete regionally and Nationally. If a college does not have a team, golfers can still play in events as an individual.
- Each team has 2 competitive, 2-day, weekend tournaments per semester (no class missed), with scores ranging from 65-95.
- Club golf is co-ed & inclusive
- Club golfers play multiple sports in college, focus on academics, and have the time to join other organizations on campus

Local Schools with Club Golf Teams:

- Iowa State
- University of Iowa
- Northern Iowa
- University of Minnesota
- Creighton
- University of Kansas
- University of Missouri
- University of Nebraska

The University of Georgia club golf team after winning the Fall 2016 NCCGA National Championship at Walt Disney World Resort in Orlando, FL.
